Custom Timber Garage Doors

Custom Timber Garage Doors

In addition to our industry standard Saligna Meranti timber garage doors, we also manufacture a wide variety of custom design Saligna Meranti timber garage doors. These custom doors are available in a wide variety of designs and decorative stud options. Our range combines natural beauty with durability. With a wide variety design options and proven aesthetics, it will compliment almost any home.

Features

- Custom designed doors are proven to be more popular as the aesthetics and natural beauty will compliment the design of any home.
- Standard sectional overhead doors consist of 5 hinged panel sections per door.
- All timber doors are treated with 2 coats of water repellent, fungal resistant, clear colour oil based wood preservative. Krazi Door recommends that a further coat should be applied within 2 weeks of installation and thereafter at least twice annually.
- Custom design timber doors are manufactured in 4 popular designs: rustic, gothic, stable and studded
- Custom design timber doors are manufactured out of first grade Saligna Meranti hardwood panels in a fully machined framework or tonque and grooved slats depending on design for strength and durability.

Benefits

- Custom design your door for a unique look
- Quality hardware
- Smooth and quiet operation
- White wood primer option also available
