**Alu-Zinc Raised & Fielded
Garage Doors**

Alu-Zinc Raised & Fielded Garage Doors

Raised and Fielded Steel doors are elegant, low maintenance garage doors that are also durable and strong. The robust design and construction of our steel doors make it a great option for homeowners and property developers in search of a classic look.

Features

- Raised & Fielded steel doors are attractive, low maintenance garage doors combining durability and strength.
- Standard sectional overhead doors consist of 5 hinged panel sections per door.
- Panels are roll formed from Alu-Zinc (55% Aluminium & 45% Zinc) material into raised & fielded profiles with surface embossed woodgrain finish and pre-coated with a UV stabilised paint.
- Doors are available in 4 standard colours: white, buffalo brown, charcoal, black and bronze.
- This robust design and construction of the steel door makes it a perfect choice for the discerning homeowner and property developer.

Benefits

- Durable and strong (embossing increases the rigidity and strength of the material)
- Classic aesthetic appeal
- Low maintenance
- Quality hardware
- Smooth and quiet operation
- Corrosion protected
- Locally manufactured
